Foundations of Finance Summer 2006 B01.2311.60  
Final Exam Information  
Prof. Lynch

I. Final Exam Date (in class): Monday, June 26, 6:00-8:15pm in KMEC 3-55.
II. Exam Time: 135 minutes.
III. Exam Format: Closed Book except for two 8.5" x 11" pages with anything written on both sides. If you are found with more than the allowed surface area of pages, all of your pages will be immediately confiscated. You may also take a calculator (but not a palm pilot) into the exam. If the calculator is programmable, you must not have programmed any formulas into it. To have done so will be a violation of Stern’s honor code.

IV. Examinable Material:
   A. Lecture Notes: The Lecture Notes handed out in class form the basis of the examinable material. Use these as your first reference. Particular emphasis will be given to the material emphasized in the lectures. Though the Final Exam is comprehensive, the emphasis will be on the material covered from the CAPM (inclusive) onward.
   B. Problem Sets: All Problem Sets.

V. There will be 30 multiple choice questions which will be graded on a correct/incorrect basis. Each question is worth 2 points so the maximum number of points you can earn is 60.

VI. The practice final questions I will provide are a good guide as to the style of question on the Final.

VII. You must sign a statement on the cover page of the Final indicating that you adhered to the code of conduct. The statement is: “I pledge my honor that I have not violated the Stern Student Code of Conduct in the completion of this exam.” You will fail the exam if you do not sign this statement.

VIII. All pages of the exam must be handed in. You will fail the exam if you do not hand in all pages. No pages are to be detached from the staple. If you detach any pages, you will incur a 5 point penalty. You must write your name on the first and last pages of the exam. If you don’t, you will incur a 5 point penalty.

XI. On the next page is the set of instructions that will accompany the Final.
Instructions: 135 minutes. Closed Book except for two 8.5" x 11" pages with anything written on both sides. If you are found with more than the allowed surface area of pages, all of your pages will be immediately confiscated. If the calculator is programmable, you must not have programmed any formulas into it. To have done so is a violation of Stern’s honor code. Starting on page 2, you will find 30 multiple choice questions which will be graded on a correct/incorrect basis. Answer all questions. Enter your final answer for all questions in the answer sheet on the last page of this exam. Use capital letters for your answers: A, B, C, D or E. Each question is worth 2 points so the maximum number of points you can earn is 60. If you get stuck on a question, guess, move on, and come back at the end if you have time. Use the backs of pages for calculations if you need to.

Do not detach any pages. Any detached pages will result in a 5 point penalty. Write your name and ID number on the first page and the last page (answer sheet) of the exam. Failure to do so will result in a 5 point penalty. You must hand in all pages. Failure to hand in all pages will result in failure of the exam. If you need less than 125 minutes, you can leave the exam room early. You cannot leave the room in the last 10 minutes of the exam. When time is up, stop writing, and remain silent.
