BUSINESS SUMMARY

The Goldfield Corporation, through its subsidiary, Southeast Power Corporation, engages in the construction and maintenance of electrical facilities for utilities and industrial customers in the southeastern and mid-Atlantic regions of the United States. The company constructs transmission lines, distribution systems, and substations, as well as provides other electrical installation services for utility systems and industrial, and specialty projects. It also installs fiber optic cable for fiber optic cable manufacturers, telecommunication companies, and electric utilities. In addition, the company, through its subsidiary, Bayswater Development Corporation, engages in the acquisition, development, management, and disposition of land and improved properties. It develops residential condominium projects on the east coast of Central Florida. The company was founded in 1906 and is based in Melbourne, Florida.
