Please be sure to attend your own section’s exam unless you have made other arrangements with Professor Lynch.

II. **Exam Time:** 80 minutes.

III. **Closed Book except for one 8.5” x 11” page with anything written on both sides. Be warned! If you are found with more than the allowed surface area of pages, all of your pages will be immediately confiscated. You may also take a calculator (but not a palm pilot) into the exam.

IV. **Examinable Material:**

A. **Lecture Notes:** The Lecture Notes up to the end of Lecture 11 form the basis of the examinable material. Use these as your first reference.

B. **Problem Sets:** Problem Set 1 and Problem Set 2.

V. The practice questions and the practice midterms are a good guide as to the style of question on the Midterm. In terms of the length of the questions, 1 point = 0.8 minutes so a 10 point question should take 8 minutes. (If you can not do the practice questions in the allotted time then you probably will not be able to do the Midterm in 80 minutes.) The Problem Set questions are also a good guide.

VI. The two TAs for the course are:

A. Raphael Katsman: Email: rk428@stern.nyu.edu.

B. Franck Springer: Email: fs321@stern.nyu.edu.

VII. I will give a review session on Saturday 10/21/00, from 3pm-4:30pm in KMEC 260. Raphael Katsman will give a review session on Wednesday 10/18/00 at the usual times and places (7:30-9:00pm in Tisch UC60; and 9:00-10:30pm (repeat) in KMEC 1-70).

VIII. Franck Springer will hold his usual Office Hours on Wednesday 10/18/21 from 6:00-8:00pm and Thursday 10/19/21 from 5:30-7:30pm in KMEC 6-70 (TAC).

IX. I will have extra office hours (in addition to my regular office hours) in the week prior to the Midterm exam:

A. Friday 10/20/00: 7:30-9:00pm.

B. Saturday 10/21/00: 4:30-6:00pm.

C. Sunday 10/22/00: 6:00-7:30pm.

D. Monday 10/23/00: 8:30-10:00pm.

Also, you can make an appointment to see me outside these hours.

X. The following is the set of instructions that will accompany the Midterm.

**Instructions:** 80 minutes. Closed book. You are permitted use of a financial calculator and one sheet (8½” x 11”) of notes. Answer all questions. Each question carries the number of points indicated. Total points is 100. Show all work on the exam paper itself. If you do not have or can not calculate a number that you need, make an assumption and proceed with the rest of the question. No credit will be given for illegible, unsupported or ambiguous answers.
