To: David Backus <dbackus@stern.nyu.edu>, BEA Webmaster <cdweb1@bea.gov>

Dave,

Thank you for your email. The NIPA data is still available via CSV. The direct link is:

<http://www.bea.gov/national/nipaweb/DownSS2.asp>

You can alternately get there via the (blue) Interactive Data tab on the top of every page on BEA.gov, then clicking on 'GDP & Personal Income' followed by clicking on the (blue) 'Begin Using Data' button. The link to the Advance Download section is in the descriptive text under the first tab.

If you wish to access any of the files directly programmatically, you will need to use the following URL in your application:

"http://www.bea.gov/national/nipaweb/SS_Data/" + a filename obtained from the page above. The different formats for all the files are in the same SS directory.

If you have any questions, please do not hesitate to ask.
