Nasdaq Economic Advisory Board (1998-2001)

Scientific Advisory Board, ITG, Inc. (1999-2003)

While at the New York Stock Exchange (1991), I produced the TORQ database CD-ROM. This is a comprehensive sample of transactions, orders, reports, quotes and audit trail data that enables academic researches to obtain an unprecedented view of market operations. The data are in use at fifty universities in the U.S. and Europe.
